

Callers Education Weekend

June 7, 8, 9, 2019

Instructor - Don Moger

- This weekend is for callers that would like to take their calling career to the next level.
- Only a very small group will be enrolled. (so register early)
- Everyone will be calling at the level of their choice and dealt with on an individual basis.
- Learn ways to create confidence when calling a dance.
- Weekend theme is “what you need to know before you can become a good sight caller”.
- Lots of mic time, learn how to practice.
- Most schools go into as many as 17 to 20 different subjects and this makes it very hard for callers to remember what and how to do what they have been taught. This weekend will work on much fewer subjects but go into much more depth providing the caller something they can take home and reproduce with excellence.
